Hello Kathy

This is what was uploaded into CMS by OCIR. No postmarked envelop was provided.

Thanks Wanda, Are you saying the envelopes are not uploaded into CMS as they usually are and I need to contact OCIR? I need to know the postmark on the incomings, not the day it was logged into the system. A copy of the letter was not included in what was provided to me (prior to redirecting it to R4). R4 will respond to the letters. However, I have to upload them to the Docket, but I need to know if they are timely comments. The determining factor is **postmark** not receipt. Basically I need proof it was postmarked by November 2, 2020 to add them to the comment total. If postmarked after the 2<sup>nd</sup>, the comments will be uploaded but tagged as late.

Thanks for your assistance.

- Kathy

Hi Kathy

OCIR logged in the letter on 11/04/2020. Once Region 4 completes the letter and OCIR dispatches it, your staff will have access to the final response in CMS.

Hi Wanda,

I know these two letters have been recontroled to Region 4. However, I need to determine if they are uploaded to our docket on this action (as an official comment submitted during the comment period or just a comment submitted post the comment period). With the information provided in this email, I do not know what the post marked date is on

either incoming letter. Can you track that for me? I suspect you will need to go back to OCIR for that but not sure. Thanks, Kathy

Hi,

We received two controls from the Hill in support of FL assumption. Can someone (you all or the broader g team), prepare a response for Dave's signature? I would like to get John's review/okay for a template, and then we'll create copies for each member.

Due next week.

Thanks!
